SUMMARY

Dedicated Computer Science and Engineering Student with a strong foundation in C,JAVA,MySQL,Django. Hands-on experience with engineering projects and team collaboration through academic projects and internships.Seeking an Internship position to to apply engineering skills and contribute to innovative projects in the Industry.

TECHNICAL SKILLS

- Html
- css
- c
- full stack development(Django)
- MySql database

SOFT SKILLS

- Project management
- Communication
- Time management
- Quick Learner

EDUCATION

- **BACHELOR OF ENGINEERING**|Computer Science and Engineering|Visvesvaraya Technological University|2021-2025
- **PRE-UNIVERSITY EDUCATION**| Hassan Pu College, Arakalgud ,Karnataka| 2019-2021| completed with 97.67%
- **SSLC**| Morarji Desai Residential School , Arakalgud [tq],Baragur|2015-2019|completed with 93.28%

PROJECTS

Online Hospital Management System

Academic Project- February 2024-March 2024

Aim: Developed a comprehensive online hospital management system to automate hospital operations and improve patient care.
Technologies Used: HTML, CSS, JavaScript, MySQL.

Weather Forecasting Web Application

Academic Project- June 2024-July 2024

Aim: Developed a web application to provide users with accurate, real-time weather information and forecasts, enabling informed decision-making and activity planning.
Technologies Used: Script, JavaScript, HTML, CSS, OpenWeatherMap API

CERTIFICATIONS

Training internship in JAVA

Teragon - 2022

The Java training internship at Teregon provided me a strong foundation in object-oriented programming principles,which are highly relevant to my career

Entrepreneurship Development

Seventh sense talent solution, Bangalore -2023

It provided an immersive experience in understanding the fundamentals of starting and managing a successful business. This internship covered a wide range of topics, including business planning, market research, financial management, and strategic growth, equipping me with the skills necessary to navigate the challenges of entrepreneurship.

Fundamentals of Iot Development with ThingWorx:

GTTC-PTC GENTER OF EXCELLENCE – 2023

Experienced in IoT development with ThingWorx, including device connectivity, data management, and application development. Proficient in creating custom IoT solutions with dashboards and analytics, integrating with external systems, and implementing Security best practices. Applied these skills to real-world scenarios, enhancing processes in manufacturing fire alarm

Digital Productivity:

NIIT Foundation -2024

Digital productivity involves using technology to boost efficiency and effectiveness in various tasks. It includes leveraging tools like project management software, automation platforms, cloud services, and communication apps to streamline workflows, enhance collaboration, and manage data.

INVOLVEMENT

- NSS Volunteer, served society for 3years in GECH.
- Member of College Regional GLUE GEC Hassan Linux and Enthusiast

PERSONAL DETAILS:

- Name: Swathi M N
- Date Of Birth: 21/12/2003
- Marital Status: Unmarried
- Language Known: English, Kannada
